Commissioner Jane E. Henney
Parklawn Building, Room 14-71
5600 Fishers Lane
Rockville, MD 20857

Dear Commissioner Henney:

I/we the undersigned urge you to ban the use of medically useful antibiotics in animal feed. The adding of antibiotics routinely to animal feed in order to promote faster growth in livestock can make bacteria resistant to those very antibiotics. This practice shall ultimately leave Physicians with no way to treat life-threatening bacterial infections in humans.

Please help save human lives by banning the use of medically useful antibiotics from animal feed.

Sincerely,

Linda Altenburger
